

Forest: games in the fresh air in summer

Best cheap essay writing servise

Sun and Fresh Air, Water and Excellent Weather For That We are so loved by summer. And at this time of the year we try to spend the maximum time outside the house with children.

In the summer, rolling games, sports activities (often in the group) and different other types of active pastime are enjoyed in the summer of children and adults, and some of whom we remember from childhood, and invent some kind of go on the go, with the help of children.

Note that the game in the fresh air is not necessarily sports activities. Open the creative open-air workshop can be drawing with fine and water, sculpt from sand and clay, appliques to create leaves, sticks and colors.

If you have already written about it in your blog, share today with us with these funny summer ideas. Do not forget to indicate how old games are intended for how many participants are designed which items or natural materials are required for classes.
